

1 Research Fellowship (MSc) (m/f)

Project: NORTE-01-0145-FEDER-000012, Structured Programme on Bioengineering Therapies for Infectious Diseases and Tissue Regeneration

INEB/i3S is opening **1 (one) Research Fellowship (MSc)** in the scope of the Project Structured Programme on Bioengineering Therapies for Infectious Diseases and Tissue Regeneration, NORTE-01-0145-FEDER-000012, funded by “FEDER - Fundo Europeu de Desenvolvimento Regional” in the frame of “Norte2020 - Programa Operacional Regional do Norte”, with the following references:

i3S.HOST_RL2_BIM_03_2019

Admission requirements: The candidates must have a **(1)** Master Degree in Biochemistry, Bioengineering, Biotechnology, Biological Science or another related field in Biological and Medical Sciences (final mark ≥ 16 , on a scale of 0-20, master degree or integrated master), **(2)** have a solid background and proven experience in 2D and 3D cell culture and cell and molecular biology techniques and **(3)** availability to start in October.

Expertise in cell culture and primary cell isolation, flow cytometry, western blot, enzymatic activity measurement and molecular biology are required, as well as good oral and written skills in English.

Job Description: We are seeking for one highly motivated research fellow to integrate our team and exploit the interactions established between immune and cancer cells to the development of novel immunomodulatory therapies to target macrophages at the primary tumour and metastases.

The work will be developed at i3S in the Tumour and Microenvironment Interactions Group, within the research line “Modulation of inflammation for new therapies”.

Grant duration: The fellowship, is expected to start in October 2019, and shall have the duration of 3 months.

Value for monthly allowance: € 989,70 according to table values of FCT regulations, in the country (<http://www.fct.pt/apoios/bolsas/valores>) and will be paid monthly, preferably by bank transfer.

Fellowships are regulated by current laws relating to the Statute of Science Research Fellows, FCT Regulation for Research Studentships and Fellowships

(<https://www.fct.pt/apoios/bolsas/docs/RegulamentoBolsasFCT2018.pdf>) and the Regulation of Scientific Research Studentships of the INEB approved by Fundação para a Ciência e Tecnologia (http://www.ineb.up.pt/sites/default/files/RBINEB_9Nov2011.pdf)

Selection of candidate: The candidates will be ranked based on curriculum vitae and motivation letter, considering the above-indicated previous requirements. Curriculum and previous experience in relevant topics of the project will count 70% and motivation letter will account for 30%. The two top ranked candidates may be invited for an interview in which case the final score will be based on CV (50%) and interview (50%).

Jury: Maria José Oliveira, Ângela Amorim Costa, Sérgia Velho and Susana Santos (substitute).

Applications are open from **26 August to 19 September 2019**.

To apply for the Research Fellowship (MSc) candidates must submit online the following documents a) Complete CV; b) Letter of Motivation; c) Copy of the MSc degree certificate
